

Health and Safety Policy

Objective

Yinson Production is committed to the highest standards with respect to health and safety, and our objective is zero accidents throughout our activities.

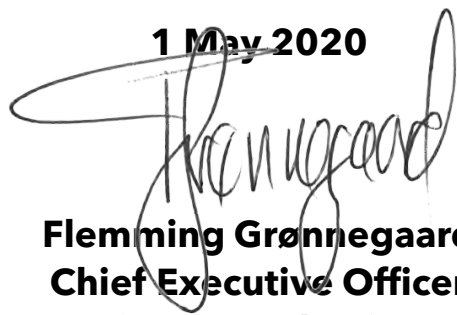

We shall achieve this by:

- Integrating health and safety into all our business activities, creating safe and healthy workplaces and preventing work-related injury and ill health;
- Identifying opportunities to eliminate hazards or establish appropriate safeguards to reduce health and safety risks;
- Implementing and maintaining an effective management system in conformance to ISO 45001 and ISM Code;
- Providing training and supervision needed to make sure that all workers, and others who can be affected by our activities are safe from injury and risks to their health and wellbeing;
- Involving employees and employee representatives in the management of health and safety through effective communication, participation and consultation;
- Conforming to interested parties' expectations and applicable legal, regulatory and other requirements;
- Setting requirements to our suppliers to meet appropriate health and safety standards;
- Continually improving our management system to enhance health and safety performance.

In Yinson Production, we believe that all accidents can be prevented, and that all employees have a common responsibility to care for each other.

This policy is applicable to all Yinson Production personnel, contractors and visitors engaged by, or working on behalf of Yinson Production.
